CHARNWOOD COMMUNITY SAFETY PARTNERSHIP

Organisation	Leicestershire Police	Author	Insp Stokes	Date	11/10/2022
Subject Title					
Summary <i>(Purpose, background & context for the report update)</i>	This report is submitted to the Charnwood Community Safety Partnership and provides members with an update from the Strategic Group in relation to the CSP's Quarter 1 and Quarter 2 performance 2022/23				
Recommendations <i>(Any recommendations for the CSP to consider)</i>	<p>The NPA Commanders recommendations to CSP:</p> <ol style="list-style-type: none"> 1. This is less of a recommendation and more of an endorsement of CBC drive to secure a Police officer in a partnership role, to support partnership policing of ASB, Violence reduction and incremental approach techniques. 2. Charnwood NPA underpins the partnership approach to the management of the increasing volume of Community Triggers activated within Charnwood. This does not mean that we shy away from community triggers, however we collectively drive demand down. 3. Revamp JAG meetings, so that we only present cases of risk, following intervention / control measures taking place. In other words, we don't saturate JAG meetings as a comfort blanket. 4. County lines. County lines is the single biggest threat to Charnwood. My recommendation is that it fits with the CSP strategic priorities and that regular reviews take place, in terms of Partnership enforcement. 5. CBC CCTV is having a huge impact on proactive policing and intelligence, with a much stronger partnership approach between the NPA and vice versa. However, I am also acutely aware of the costs involve to a 24/7 capability. The recommendation is to set up a CSP strategic performance frame work, so the police and CCTV management can provide a KPI pack quarterly. Perhaps Arrests, intelligence, prevented crime, suspects identified and public confidence. 				
Performance Data <i>(Insert any relevant performance data)</i>	Team you will have the performance data, which I will go through to give the detail behind increases / decreases. However I would also like to provide the County line intensification week data and an intelligence sit rep from myself as the NPA commander. I won't have this until the day of the meeting, however I think that the data is invaluable because of the links to not only drug associated offences, but vulnerability of our youth, social deprivation issues and crime trends.				

Theme 1 – Making Communities Safer

Priority 1 – Prevent and disrupt criminality focusing on reducing All Crime, creating safer communities, free from harm and violence

Priority 2 – Proactively tackle all ASB with a focus on reducing alcohol / substance misuse related incidents and street related ASB

Update/s - including specific work, initiatives, projects etc. that contribute to Theme 1

First of all, to supplement this priority, I feel that it is imperative that as the NPA commander I create a performance framework, which is presented at quarterly intervals to the CSP. This is because, preventing and disrupting criminality with a focus on reducing crime, must have a tangible KPI target. You will see in the latest crime figures, some crime has increased and some has decreased. So what did we do that contributed to decreasing crime and what could we have done better to prevent the increases. As an example, Number plate thefts have “corrupted” our theft from Motor vehicle data. However, more intrusive use of ANPR cameras and a link to CCTV as our eyes would detect and capture offenders and deny criminals the use of the roads. But we must then capture this in our performance data, and share the value of our 1st class CCTV capability.

- (1) I am increasing the Neighbourhood proactive by 50 percent to prevent spikes in crime patterns.
- (2) Recommendation to second all new officers to Charnwood, to the CCTV room for 1 day, to understand capability.
- (3) Embed a performance frame work.

Theme 2 – Protecting Vulnerable People

Priority 3 – Prevent violence and exploitation whilst supporting victims : including criminal exploitation, serious violence, domestic / sexual violence, abuse, modern slavery and human trafficking

Priority 4 – Prevent people from being drawn into terrorism and take positive action in respect of hate crime

Update/s - including specific work, initiatives, projects etc. that contribute to Theme 2

In my opinion we can’t get away from the fact that County lines has a huge effect on this priority.

Run County line operations every 3 months, using a partnership approach. Intelligence = Legal powers (Warrants) = enforcement = protect vulnerable persons.

Create a single system approach to a risk matrix so that we as a partnership agree what H M L risk is. One might say that this is impossible to achieve, because of different agencies appetite to risk. However, as a partnership, we will be more united in managing vulnerability if we train together and use the same hierarchy of threat.

Theme 3 – Improving Community Confidence, Engagement and Cohesion

Priority 5 – Build stronger cohesive communities with a focus on increasing community confidence

Update/s - including specific work, initiatives, projects etc. that contribute to Theme 3

Satisfaction rates of VCOP now at 98 percent. We must maintain such, with intrusive management and provide data to partners.

The new partnership officer, once imbedded ensure that the officer is given the support and tools to drive engagement and cohesion.

Budget / Resource Implications

<p>Any key risks / issues</p>	
<p>Planned activity in the next Quarter – include any specific work, initiatives, projects etc that will contribute to above CSP themes and priorities</p>	<p>County lines operations Increase in NPT capability. New partnership officer. JAG meeting, revamp to ensure that cases are only referred that require JAG support and that all has been tried, considered and risk assessed prior to a referral.</p>

- Enough car parking – 38%
- Markets add value to the town – 90%

What do visitors like about Loughborough (most popular answers)?

- Markets
- Hanging Baskets
- Queens Park
- Pedestrianisation

What do visitors DISLIKE about Loughborough (most popular)?

- Vacant Units
- Bedford Square new scheme (dangerous/waste money)
- Too many cafes
- Not enough variety/range shops
- Litter / dirty streets
- Not enough toilets
- Beggars
- Lack of police
- Sewage / drain smell in Market Place
- E-Scooters & Cyclists
- Broken / Uneven pavements

<p>Priority 1 – Prevent and disrupt criminality focusing on reducing All Crime, creating safer communities, free from harm and violence</p> <p>Priority 2 – Proactively tackle all ASB with a focus on reducing alcohol / substance misuse related incidents and street related ASB</p>	
<p>Update/s - including specific work, initiatives, projects etc. that contribute to Theme 1</p>	<p>Development of Business Crime Reduction Scheme within the BID area by use of data secure platform DISC whereby members can share information about prolific offenders, crime, anti-social behaviour. This is currently set up and running with Evening Economy and is in the early stages with Day Time economy. Ioni is working through an assessment which will be submit later down the line which demonstrates how the partnership is running to a high standard, in line with data protection standards.</p> <p>In practice, staff in businesses within the BID area can share live notifications of incidents happening at their premise to warn others of individuals or groups. Profiles of offenders can also be built up which allow businesses to identify potential threats to their business by searching in the “Prolific offenders” gallery within DISC (displaying their photo).</p> <p>The long term goal, once achieved the status of being an accredited Business Crime Reduction Partnership is that an information sharing agreement will be set up with Leicestershire Police which is where police have identified the value of sharing information with our partnership.</p> <p>The partnership is independent and is a stem from the BID, it runs a long side the CSP and the smaller groups such as LCDG and NTE. The priorities of the partnership align with that of the CSP and contribute to Theme 1.</p>
<p>Theme 2 – Protecting Vulnerable People</p>	
<p>Priority 3 – Prevent violence and exploitation whilst supporting victims : including criminal exploitation, serious violence, domestic / sexual violence, abuse, modern slavery and human trafficking</p> <p>Priority 4 – Prevent people from being drawn into terrorism and take positive action in respect of hate crime</p>	
<p>Update/s - including specific work, initiatives, projects etc. that contribute to Theme 2</p>	<p>Providing up to date information to Tango Victor through my daily presence in the town. Acting as the “eyes and ears” / the ambassador for businesses to identify issues or arising issues in the town, reporting to the relevant agency or department to get resolved promptly and effectively. This is only achieved through strong connections with BID members and partners.</p>
<p>Theme 3 – Improving Community Confidence, Engagement and Cohesion</p>	
<p>Priority 5 – Build stronger cohesive communities with a focus on increasing community confidence</p>	
<p>Update/s - including specific work, initiatives, projects etc. that contribute to Theme 3</p>	<p>The Business Community is spread over a large geographical area within the town and this can provide a barrier in building up strong engagement with members. The DISC platform, which later will be upgraded to include an instant messaging system (a secure version of whatsapp) provides businesses with a space to communicate. It gives the opportunity to share up to date information on policies, relevant issues or upcoming events that are pertinent to enhancing the business community.</p> <p>Rupert Matthews met with the BID (Ioni) on 9th June whereby a patch walk was completed within the town. Rupert was keen to understand the pressures on the business community and how the businesses were kept up to date with partnership work to reduce crime and make the town centre a safer environment for public and businesses. We visited a selection of businesses across the day time sector which allowed them to voice their concerns and provide feedback. The event was very positive.</p>

Budget / Resource Implications	N/A – The Business Crime Reduction Partnership is budgeted once every 5 years in the BID’s business plan.
Any key risks / issues	None identified at this point.
Planned activity in the next Quarter – <i>include any specific work, initiatives, projects etc that will contribute to above CSP themes and priorities</i>	<p>Invitation to the PCC to attend a Pubwatch meeting in the Winter period.</p> <p>Development of the Day Time economy DISC Scheme.</p> <p>Continued steps to achieve title of accredited BCRP.</p>
Any other update, developments, achievements, challenges / opportunities	N/A
Gaps/Support Required	N/A

Leicestershire County Council - Community Safety Team Update Report

The LCC Community Safety Team (CST) update report containing current and emerging information which may be of interest to partnership colleagues.

ASB

Sentinel Co-ordinator

A full training package was delivered to a large proportion of Council staff on elements of the system and the feedback from this was positive. The first round of report writing training as requested by partners has been delivered and a further round is due to be scheduled in. Anyone interested to contact Charlotte Keedwell to be added to the invited list.

The sentinel user manuals are in the process of being written and will be distributed out to partners for comments when completed. Unlikely to be finished this year due to the extent of them.

Lots of working around making the system more efficient is taking place so thank you to the Task and Finish group for their support with this.

ASB Case Management module

Live testing is currently underway with Charnwood and Oadby and Wigston now able to access the module. The aim is for this module to be rolled out to all staff between Jan/March 2023. A training package will be delivered alongside its roll out.

Domestic Abuse

- i. The Domestic Abuse Act (the Act) received royal assent in April 2021. The Act places a duty on tier one local authorities (in Leicestershire, the County Council) to provide accommodation-based support to victims of domestic abuse and their children in refuges and other safe accommodation and provides clarity over governance and accountability, requiring tier two councils (district councils) to co-operate with the lead local authority.

To fulfil its new duties, the County Council has:

- Appointed a multi-agency Domestic Abuse Local Partnership Board
- Undertaken a Needs Assessment to understand the need for accommodation-based domestic abuse support in the area for all victims (and their children) who reside in relevant safe accommodation, including those who come from outside of their area.
- Prepared and published a strategy for the provision of such support to cover the Leicestershire area having regard to the needs assessment -the DA Reduction Strategy.
- Given effect to the Strategy (through commissioning / decommissioning decisions).

- Begun to monitor and evaluate the effectiveness of the Strategy and report back annually to central government.

The Board has been established consisting of key partners with an interest in tackling domestic abuse and supporting victims and their children. The Board, which meets quarterly, includes one or more representatives from or on behalf of:

- I. The County Council (Chair – the Cabinet Lead Member for Children and Family Services)
- II. District councils in the area including Housing Services
- III. Adult victims of domestic abuse
- IV. Children victims of domestic abuse
- V. Charities and other voluntary organisations that work with victims of domestic abuse in the area
- VI. Persons who provide, or have functions relating to, health care services in the area
- VII. Persons with functions relating to policing or criminal justice in the area

The Local Partnership Board carries out a monitoring and consultative role as it performs certain specified functions, including:

- i. Assessing the need for accommodation-based domestic abuse support for all victims
- ii. Supporting the development and publication of the required Strategy
- iii. Giving effect to the new Strategy (through monitoring commissioning / de-commissioning needs)
- iv. Ensuring representation of marginalised groups and those who are underrepresented in local services.

The County Council's Domestic Abuse Reduction Strategy 2022-2025 was published on 6th January 2022, at –

<https://www.leicestershire.gov.uk/sites/default/files/field/pdf/2022/1/6/domestic-abuse-reduction-strategy-2022-2025.pdf>

The Strategy includes plans and approaches working across both County and District Councils and including other services in the area, such as specialist domestic abuse providers, housing, and health bodies.

The Strategy includes five priorities:

- i. Early Intervention and Prevention
- ii. Targeted Support
- iii. Reachable Services

April 2022

iv. DA Act (Part 4) - Safe Accommodation

Prevent

Prevent Coordinator - Recruitment

Congratulations to Ben Smith who was covering post and is now substantive in the role following success in the recruitment process.

Regional Meeting

The Home Office Regional Prevent Lead Ian Rabley Stubbs co-ordinates an East Midlands Network meeting that meets quarterly, this meeting is attended by County Council Prevent lead Anita Chavda and Edwina Grant who represents on behalf of the D&B at this meeting. Purpose of this meeting is to share good practice and learn from each other. Latest information from Home Office regarding reviews and update that was provided at the meeting held in September 2022 include:

- Independent Review of Prevent – HO should receive it by end of this year.
- Channel Duty Guidance – estimated Autumn 2023
- Prevent Duty Guidance – estimated Autumn 2023
- CONTEST – to be decided
- An East Midlands Prevent Champions meeting is to be established by the regional lead and chaired by Cllr Khan from Nottinghamshire. Lead members with prevent portfolio from LLR will be invited to this meeting. The first meeting should take place before the end of this year.

Prevent Training Resources – Home Office are building a platform to host all learning resources in one place for Prevent.

- E-Learning Courses 1 & 2 (Awareness & Referrals) - soft launch took place at end of August 2022.

April 2022

- E-Learning Courses 3&4 (Channel & Refresher) - expected soft launch in November 2022
- Face to face – this resource is in development and HO aiming to start testing in October 2022 with a soft launch early 2023

Here is the links to the E-Learning packages which are now live from the Home Office:

National Hate Awareness Week 2022 – 8th – 15th October

As per previous years we shall be working closely with the Police and sharing the Comms Media Package prior to the campaign week. Please in the meantime, start considering what events or activities you could host locally to promote the NHCAW 2022.

Hate Strategic Group

The last meeting of this group was in May 2022. Since then the Chair ACC Julia Debenham has moved forces and a new Strategic Lead from the Police is yet to be confirmed. Once this has been decided further meetings will be scheduled. The purpose for this group is to bring together partners across LLR to discuss the the work on Hate. Previously discussion on performance & data collation including victim perspective was being led by the Police in dialogue with Victim First and LLR partners on this group.

A Task and Finish group was set up for Training, which reviewed the Hate Training Package. It was agreed that the version Isla Dixon had developed was suitable and the intended target audience included internal staff within organisations in Local Authorities, District and Boroughs and other agencies within localities. This training package was circulated to all partners.

An audit was carried out bringing together a raft of school resources that included learning based on equality and diversity / hate awareness that fit within the schools PHSE curriculum. The audit brought together a co-ordinated list, which was agreed to be shared with schools, as an easy reference point should they wish to use it. It was agreed that the best way to inform the school about this list was to present it at the Leicestershire Education in Excellence Partnership.

Draft Leicestershire County Council Community Safety Strategy

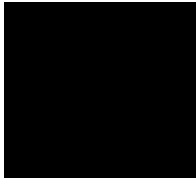

The strategy is due for renewal, and an updated version was previously circulated across partners, feedback from consultation has been incorporated into an updated version which will shortly go to Cabinet and subject to approval to Full Council.
