Head of Contract: Waste, Leisure and Environment

Recommendation

That the proposed Cemeteries and Recreational fees and charges as detailed in Appendix A are implemented from 1st April 2023.

Reasons

It is customary for the Head of Contracts to review the fees and charges within the Department. The revised charges have been established through careful consideration and are intended to help ensure financial income targets can be achieved in 2023/24.

Authority for Decision

Item 1 of the delegations to Heads of Service in section 8.3 of the Constitution gives authority to undertake the periodic review of fees and charges raised within their service areas and falling within the scope of the Council's Income and Charging Policy Framework. The lead members for Open Spaces & Leisure and Finance and Internal Support Services have also been consulted as part of the review process.

Decision and Date

Approved 7th March 23

Matt Bradford
Head of Contracts (Leisure, Waste and Environment)

Background

The Authority for approving fees and charges has been delegated to the Head of Contracts. The proposed fees and charges detailed in the report have been put forward having taken into consideration the Council's Income and Charging Policy.

The income the Council generates from hiring its facilities is not enough to offset the cost of their maintenance.

Considering the above fact, it was agreed that Charnwood Borough Council would uplift the fees and charges for Open Spaces in line with the annual Retail Price Index (RPI) inflation (12%). This will ensure that the Council will continue to be able to provide the same quality of service for all users.

Financial Implications

The additional income expected as a result of the price increase is estimated to be in the region of £20,000 and will be used to offset part of the maintenance cost of the sites. Despite the price increases, Charnwood Borough Council still provides a good value for money service in line with its Open Spaces Strategy.

Proposed Charges

The following recreational and cemetery charges are proposed for implementation from the 1st April 2023.

The charges for Open Spaces have been increased by 12% which is in line with the current (January 2022) RPI. The Head of Finance has advised that RPI is running at 12.6%. With roundings there may be slight variations from this figure.

Appendix A details the associated revised fees and charges in Tables 1 – 6:

It was recognised in 2016 that the pricing structure for the hiring of Open Spaces was in need of a review. The aim was to develop a clear, consistent, transparent and fair structure that could be easily followed and explained to the public.

The new structure is based on the size of the event as well as the nature and scope of the organiser.

Proposed Categories

1. Charge Waived. Exemption On Application (EOA) to Head of Service

Principally targeted at smaller scale community groups and organisations, this could also apply to internal CBC projects promoting the Council's values.

Specifically, small scale events run by local groups and organisations which are not formally constituted as a charity, Community Interest Company (CIC), social enterprise or other similar body or linked to a larger organisation.

For example, these might include local "Friends of park" groups but not local branches of larger national organisations.

This new category relates to hire groups 11 and 2 from the previous structure:

- 11. Residents only events (supported by Residents, associations or groups)*
- 2. Borough festivals and promotions*

2. Concessionary Charge

This is principally targeted at charities and formally constituted Not for Profit Organisations.

Charities, social enterprises or other such organisations with a constitution or articles of association which include appropriate non distribution of profit and dissolution clauses.

This will be set at 33% of the standard rate, which for small scale events in smaller areas, is **broadly similar to the charge from last year**. Additionally, individual exemptions could be made by the Head of Service where the event is in line with the Council's Corporate Plan or Open Spaces' Strategy.

This category relates to hire groups 6 and 7 from the previous structure:

- 6. Charity events*
- 7. Charity fund raising*

3. Standard Charge

Principally targeted at private events where an open space is hired for a private event and is not open to the general public, and **Commercial Organisations** running events of varying sizes on a commercial or profit-making basis. These might include fun fairs and rides, trade fairs, corporate events and other similar themed events.

This category relates to hire groups 8, 10 and 12 from the previous structure:

- 8. Regulated car boot sales (Nanpantan Sports Ground and Derby Road Playing Fields only)*
- 10. Private use (Wedding photographs)*
- 12. Commercial bodies*

In the case of a large event with exclusive access, then this should be treated / charged for as a commercial event. Where a bigger event is planned with estimated attendance over and above the usual capacity of a medium or large site, an additional charge for bigger events may apply.

Potential exemption (by Head of Service) on application

There are a small number of events for which in most instances, charges may be waived. It is important to have a process in place to ensure the exemption is consistently applied.

This relates to category 3 under the existing structure:

- 3. Worship and religious groups*

Other Categories

There are a number of organisations which currently are exempt that would also need to be considered on a case by case basis by application to the Head of Service. This is an important safeguard when dealing with applications for example by fringe political organisations.

This refers specifically to hire groups 4 and 5 of the existing structure:

- 4. Political events*
- 5. Political fund raising*

Finally, there are some categories which can be covered under the other exemptions already described depending on how the organisation is constituted and the purpose of the event.

This relates to the existing groups 1, 9, and 13 which is subject to a separately identified charge.

- 1. Primary school parties / pre-school groups*
- 9. Student events*
- 13. County Education Department (Regarding hire of Southfields Park)*
