MMC/004	Joe Ctori	Marrons obo Clarendon Land Development	P07	PC14	N/A	Policies Map 1 - Cossington	The settlement limits at Cossington should be amended to include the land between the eastern boundary of permission P/20/2392/2 and the railway line. This would reflect the land promoted and provide a defensible boundary. The land could be identified as being safeguarded for development should the Council's housing land supply fall below five years. This would be consistent with PC12.	Noted, disagree

MMC/007	Paul Herbert		P11	PC8		Policies Map - Barrow upon Soar	Disagree with limits for Barrow, do not reflect Neighbourhood Plan	Noted, discussed at hearing sessions.
MMC/015	Sam Gale/ John Kirby	Lichfields obo St Philips Land Ltd	P12	PC8		Policies Map - Barrow upon Soar	Support changes	Noted
MMC/019	Sam Perkins	Define obo Bloor Homes East Midlands	P13	PC8		Policies Map - Barrow upon Soar	Refers to response to MM61 . Should extend boundary of allocation site for HA48 to include relocated farmstead, and include a diagram for site to demonstrate location of access, school and expansion site, residential uses and relocation of farmstead. Alternate mod suggested to C1 (to allow farmstead in Countryside) but this is not recommended or preferred.	Noted, disagree.
MMC/028	Annabelle Parkinson	Carter Jonas obo Mr C Green	P14	PC1		Generic changes to policies maps	Object to definition of Leicester Urban Area - should include Thurcaston.	Noted, disagree
MMC/028	Annabelle Parkinson	Carter Jonas obo Mr C Green	P15	PC21		Policies Map - Thurcaston	The brook is the most suitable boundary for the ALS. Inclusion of land to the south of the brook is not justified	Discussed at hearing sessions.
MMC/031	Nick Baker	Lichfields obo CEG	P16	PC5		Policies Map - Thurmaston	Proposed change does not maintain the established and allocated site boundary of LUA2, which in turn is reflected in the Thorpebury Permission. Instead, these modifications indicate a reduction in the boundary of LUA2 to accommodate HA7(A and B). Correct boundary for LUA2 needs to be reinstated. Rep includes map indicating <u>suggested changes to policies map.</u>	Noted
MMC/039	Andrew Thomas	TT Planning Ltd obo Mr S Scottorn	P17	PC1 & PC13		Policies Map - Burton on the Wolds	Limits to development have been incorrectly drawn and should include land and buildings to the west of Sowters Lane. Does not reflect methodology and principles in the evidence base.	Noted, disagree.
MMC/040	John Goodall	DLP Planning Ltd obo Lagan Homes	P18	PC1 & PC7		Policies Map - Anstey	The application of Policy C1 is not correctly illustrated on the policies map. The proposed Countryside designation indicated on PC1 and PC7 for locations within the LUA boundary including our client's land at Gorse Hill is flawed and does not reflect the Council's own intentions or those details that should be illustrated through the Policies Map to support implementation of the Spatial Strategy in this part of the Plan Area.	Noted, disagree.
MMC/043	Alasdair Thorne	Marrons obo Bellway Homes	P19	PC5		Policies Map - Thurmaston	Support changes	Noted
MMC/047	David Bainbridge	Savills obo Redrow	P20	PC1		Policies Map - Whole Borough	greater housing supply should be provided, review distribution , identify additional land especially at service centres.	Noted, discussed at hearing sessions.
