Dear Sir/Madam

I refer to your recent proposed food business enquiry.

Please find enclosed an information pack giving advice on establishing a food business and also details of the Better Business for All Business Start Up Brochure which you are advised to look at, giving advice and information on the regulatory services that might have an impact on your business.

After receiving your information pack, if you intend to pursue your business venture I would be obliged if you would contact me or a member of the team to discuss any food hygiene related matters, and return the completed Food Premises Registration Form contained in the pack 28 days before the premises open for business.

Yours faithfully
